

Initial Certifications, March 6, 2015 Award Round

On March 6, 2015, DCEO made initial certifications of qualified equity investments (“QEIs”) to be issued by the following qualified community development entities (“CDEs”). The CDEs (or their CDE subsidiaries) must issue the QEIs and receive cash in the amount certified by DCEO no later than April 5, 2015. Those CDEs that receive the cash in the amount certified within the required timeframe will be issued a Final Certification of QEI. A final list will be posted to the DCEO website in early May after the Final Certification process is completed. A CDE’s initial certification will lapse if it fails to receive the cash investment and issue the QEI by April 5, 2015. In the event one or more certifications lapse, DCEO will post information about an additional application round on its website.
